Hi Dana,

EPA reviewed NW Natural's proposal to conduct pumping tests in the Fill WBZ at Gasco. Their approach seems reasonable and the well selection also seems appropriate. We have no comments on the document.

Let me know if you have any questions. Hope it's sunny in pdx like it is in seattle right now!

Subject: Gasco Fill Water-Bearing Zone Technical Memorandum

Dana,

As a follow-up to John Renda's discussion with you on conducting additional pump tests, attached please find a technical memorandum Re: Additional Testing and Data Collection Proposal to Constrain Fill Water Bearing Zone Hydraulic Conductivities and Recharge Rate in Gasco Groundwater Model.

Please contact Pradeep or John Renda with any questions.

Thank you,
Jen Mott ©
